TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bradford in the County of Merrimack in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at Town Hall in said Bradford, on Tuesday, the tenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To see if the Town will vote to raise and appropriate \$1,050.00 for State Aid Construction.

4. To see if the Town will vote to accept the Snow Plow and Tractor as rented by the Selectmen and Committee.

5. To see if the Town will vote to raise and appropriate \$400.00 for White Pine Blister Rust Control, to be spent in cooperation with the State Forestry Department.

6. To see if the Town will vote to place an Electric light on Cochran Hill near the home of William McKim.

7. To see if the Town will vote to place an Electric light on Newbury road near the home of Lewis Gibson.

8. To see what action the Town will take in regard to the purchase of a place for a public dump, and raise and appropriate for same.

9. To see if the Town will vote to sell the well and lot on Cochran Hill.

10. To hear the reports of Committees heretofore chosen and pass any vote relating thereto.

11. To transact any other business that may legally come before said meeting.

Given under our hand and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and thirty-one.

NOTICE TO PROPERTY OWNERS

In accordance with the statutes (New Hampshire Laws of 1907, Chapter 147) you are requested to take measures to suppress the brown tail moth and the gipsy moth on your premises. The law declares these insects to be a public nuisance and orders their suppression by property owners. Suppression is enforceable by law up to a cost of one-half of 1% of the tax valuation of the property concerned.

Necessary measures must be completed on or before March 20.

This notice is sent to all property owners in accordance with instructions of the Division of Insect Suppression, of the State Department of Agriculture.

The Brown Tail Moth

This pest is present in numbers on apple and pear trees and on many shade trees. Through the winter it occupies webs as big as a hen's egg, attached to the tips of twigs. All such webs should be cut off carefully, gathered up and burned.

The Gipsy Moth

The gipsy moth is found through the winter in the form of egg-masses attached to the trunks of trees, stones, piazza posts, or other locations. Each egg-mass is $\frac{3}{4}$ to $1\frac{1}{2}$ inch long, is covered with fine hairs and is the color of chamois skin. Egg-masses should be painted with creosote. Scraping them off will not destroy them, because the eggs will hatch even though lying on the ground.

Obligation of Property Owners

If the insects described above are not suppressed on or before March 20, the duly constituted authorities have the right to enter upon the property and to take such measures as may be necessary. The property owner will be liable for the expense in connection with such action within the limits prescribed by law.

Signed.....

HENRY A. WRIGHT, *Janitor.*

REPORT OF BRADFORD FIRE DEPARTMENT

The past year has been very successful for the department in checking minor as well as serious fires. The Active and Honorary members combined now total sixty-one men. Of this number, fifteen have been admitted into the department in the past year.

We wish to thank the town and selectmen for their co-operation; also for the badges and efficient nozzle.

We have answered 18 calls the past year of which 7 were chimney fires; five were building or roof fires, 5 were forest and grass fires and 1 in the motion picture booth in the town hall. Three of the 18 fires were out of town: the Clogston place in Warner, the Ferry house and Cummings house at So. Sutton, and the forest fire over at Sunapee mountain.

During the past year the department has raised money of which some has gone for the purchase of the following articles: 4 rubber coats, 4 rubber hats, 4 Iron shovels, 12 pair balloon silk mittens, desk, 2 pair goggles and 2 pair rubber boots.

The success of our company is largely due to the interest and hard work given free by its members. We have often been asked the correct way to advise the company of a fire. It is thus: Call the telephone operator, take two minutes, if necessary, to tell them about the fire. Do not tell them to blow the siren. Tell them the real facts of the fire and they have instructions what to do. If your house is actually on fire you may be sure they will blow the siren at once. Simply tell them facts. The company is working hard to protect your property; please help us by following the above instructions.

Respectfully submitted,
PAUL W. DANFORTH, *Clerk.*

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Bradford District:

GENTLEMEN:

We submit herewith the report of the schools of the district for the year 1929-30:

School	Teacher	Training	Exp. Cred.	Sal.
Center	Doris B. Williams.....	3 summers	7 yrs. Lic.	\$900
Primary	Martha W. Cilley....	1 summer	22 yrs. Cert.	1100
Grammar	Nellie A. Abbott.....	P. N. S. 2 yrs.	7 yrs. Cert.	1100

School Statistics

	Center School	Primary	Gram.	Total	Total 1928-1929
No. half-days in session	359	360	360	1079	1022
No. half-days lost	1	0	0	1	58
No. pupils registered	20	31	29	80	85
Average membership	17.38	25.66	27.16	70.23	75.11
Percent of attendance	98.01	96.53	97.18	97.12	93.06
No. tardnesses	5	72	67	144	317
Average tardiness per pupil28	2.8	2.4	2.0	3.7
No. visits of school board	0	4	5	9	15
No. visits of superintendent	26	30	30	86	78
No. visits of citizens	21	168	158	347	322

1. Only one-half day was lost in the district. Last year 58 were lost.
2. The per cent of attendance is very high, considerably above the state average of 95.5, and the highest in Union No. 61.
3. The number of tardinesses is only 45 per cent of the number last year, less than half as many. This is very gratifying.
4. These statistics indicate that this is one of the best years the district has had.

The number of pupils enrolled in the public schools of the district was 80. The number of pupils residing in the district, and attending public schools outside the district was 11, distributed as follows: Concord high, 1; Hillsboro high, 1; Warner high, 9. The number of pupils residing in the district and attending public schools was therefore 91.

Roll of Perfect Attendance

For One Year—Clara Haselton, Edgar LaDuke, Earl LaDuke, Helen Stevens, Mary Hall, Joseph Clement, Beatrice Dalphond, Walter Stevens, Frances Woodward, Myrtie Woodward.

For Three 9-Week Periods—Eleanor Dodge, George Dodge, Jr., George Ingalls, Edward Shattuck, Margaret Colby, Pauline Gage, Valia Gaudreau, Dawson Hall, Roland Forsaith.

For Two 9-Week Periods—Graydon Barstow, Howard Bagley, Elwin Bagley, Robert George, Jennie Shattuck, Amos Shattuck, Stanley Heath, Lena Gaudreau, Perley

Nutter, Kenneth Brown, Louise Watkins, Leita Shove, Violet Rollins.

For One 9-Week Period—Frances Barstow, Barbara Craig, Kenneth Douglass, Donald Douglass, Fannie Hall, Raymond Sargent, Marjory Howe, Robert Messer, Wesley Wells, Ruth Brown, Wilfred Seavey, Emeline Seavey, Roscoe Dwinells, Dorothy Howe, Pauline Stevens, Zealous Shove, Virginia Clement, Esther Cressey, Mabel Cressey, Lorenzo Heath.

The above roll of honor is an excellent record. Parents, pupils, and school board may well be proud of it.

Medical Inspection

The annual medical inspection was made by Dr. R. F. Oliver, and reported as follows:

Number of pupils examined, 65; teachers, 3; number of pupils 10 per cent or more underweight, 21; number of cases of defective vision, 4; defective hearing, 2; anaemia, 1; nervous condition, 1; defective teeth, 23; diseased tonsils, 16; adenoids, 2; measles, 2; skin diseases, 5; number vaccinated, 63; unvaccinated, 2.

At the graduation exercises of the eighth grade in June ten pupils received diplomas. At the Center school one was graduated from this grade.

Further improvement of the building at the Center is needed in order to remove the large amount of cross light-

ing there. By covering the side of the room on the right-hand side of the pupils with blackboard both the needed blackboard would be secured and the cross lighting eliminated.

At the Grammar school considerable improvement could be made by putting up a partition along the length of the room parallel to the present blackboard. The blackboards could then be placed along this partition, thus bringing them within range of the light from the windows, and preventing serious eye strain for the pupils. The small movable board now used would then be unnecessary, thus doing away with the confusion caused by moving it about the room. At the same time space would be provided for a warm cloak room for both the Grammar and Primary rooms between the new partition and the present wall between the rooms. It would then be no longer necessary for the school rooms to be partly filled by the wraps of the pupils. The cloak room could be lighted by overhead windows from each side.

New curtains or shades are needed in the grammar room. If these are replaced we recommend that the Duo-roll white canvas type be purchased. These may cost more in the beginning, but in the end are more satisfactory and economical. They are guaranteed for fifteen years, and can be washed as often as necessary. The white color permits much more light to come through when the shades are drawn to shut out direct sunlight. Dark or opaque shades shut out the light that is so much needed in this room.

During the year the teachers worked loyally to forward the interests of the schools and individual pupils. We have found our work with them and with the Board very satisfactory.

JOHN A. SINCLAIR,

Superintendent of Schools.
